About Us

Vinayaga Fruit Products is a specialty mango and fruit pulp processor and exporter based in Tamil Nadu. Our focus is on delivering quality products to every customer.

We have invested in state of the art technologies to manufacture mango pulp and ensure sanitary measures through regular quality checks.

Our statewide and inter-state network of farmer co-operatives help us find the best produce to process and help small farm holders add value to their produce.

Founded in 2008 and currently run by passionate agri-professionals who have earned their place through education in M.Sc, M.Ed, & MBA from prestigious institutions and multiple trainings in Food Processing Technologies by CFTRI. This has further strengthened our leadership.

Infrastructure

- 5 MT/hr production output.
- 10 MT/hr Pasteurizer capacity.
- 1 Canning line with 5 MTs/hr filling.
- Well-equipped R&D and microbiological laboratory.
- Heat treatment is done using Eco-flux corrugated tube heat exchanger.
